28:10 Minutes

"Fear is not something that God planned for man to have in the original creation. Not at all."

"Everything that anyone does who stands and speaks for God when they are doing their assignment is get people back to God. To build them up in confidence and trust."

"What's another way to word 'Be of good cheer', Have your mind well arranged according to truth, that's be of good cheer."

"There is no respect of persons with God. God will do and take care of you and give you information that you need. Just look to Him. That's all, just look to Him."

"Be ye not unequally yoked together with . . . those that look at facts and confuse facts for truth. Those that adhere to the wisdom of men over and against the wisdom of God. Unbelievers. People who don't believe God first."
